

SELF-ASSESSMENT

Should your business move to the cloud?

Let's find out if cloud hosting aligns with your business' goals.
Answer the following questions about your current setup.

DOES YOUR BUSINESS...

	YES	NO	NOT SURE
Currently use software compatible with cloud hosting?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Need multiple users to access business applications at the same time?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Currently use (or plan to use) any cloud-based applications (e.g. QuickBooks, Microsoft 365, Salesforce, ADP, Gusto)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Have team members or partners who need to access your systems or data remotely?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Experience performance issues or find managing multiple applications challenging?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Plan to scale or grow in the near future?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Want to do more in terms of data security, backup, and disaster recovery to protect your business?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

SEE WHERE YOU STAND

MOSTLY YES:

Your business is ready

You have the infrastructure, growth plans, and pain points that cloud hosting solves.

MIXED ANSWERS:

Hosting may help you

Your business is partially ready and should consider a phased approach to cloud adoption.

MOSTLY NO:

Keep evaluating

Your setup is fine for now. Reassess every quarter as tech needs change.

ANY "NOT SURE" ANSWERS?

Your business might have unique hosting needs.
